Sacramento Regional Transit District

Video Communications Systems Analyst

SALARY	$81,840.00 - $114,564.00 Annually	**LOCATION**	1400 29th Street Sacramento, CA
JOB TYPE	Full Time	**JOB NUMBER**	2023-00834IE
DEPARTMENT	Information Technology	**OPENING DATE**	06/07/2023
CLOSING DATE	Continuous	**RECRUITMENT TYPE**	Internal/External

Description

THIS POSITION WILL REMAIN OPEN UNTIL FILLED. APPLICATIONS ARE REVIEWED AS RECEIVED, AND INTERVIEWS WILL BE SCHEDULED FOR MOST QUALIFIED CANDIDATES.

The purpose of this journey level position is to install, repair, configure, operate and maintain video surveillance, access control, and various communications systems and associated network servers and devices.

Examples of Duties

- Maintains and operates video security and communications systems by installing, configuring, maintaining, repairing, and upgrading systems. Evaluates systems for safety, cost, effectiveness, efficiency, and reliability, analyzing, troubleshooting and resolving problems with assigned systems, and providing analytical and technical support in the design, construction, installation, operation, maintenance, and repair of large, complex, and geographically diverse security and communication equipment.
- Serves as a project lead and departmental liaison on various security and communication related procurements, installation, and construction projects, preparing proposal and bid documents for purchase of communications and security related equipment or services, coordinating the work of contracted employees, and maintaining effective liaison with suppliers, contractors and departments.
- Manages information and administrative tasks by serving as a liaison to internal and external requests for information, preparing and presenting progress and status reports, and maintaining knowledge currency with industry technology advancements.

Minimum Qualifications

A combination of education and/or experience that provides the required knowledge, skills and abilities to perform the essential functions of the position. SacRT reserves the right to determine the equivalences of education and experience.

Education: Bachelor's degree or equivalent in Computer Science, Computer Engineering, Management Information Systems or a related field.

Experience: A minimum of three (3) years of experience in network engineering/operations and maintenance, video surveillance systems, and/or wireless networking.

Proof of education beyond high school, such as college transcripts, diplomas, and/or certificates must be submitted at the time of application, if not substituting experience for the education requirement.

Filing Instructions/Supplemental Information

The minimum qualifications as stated on this job announcement represent only the basic requirements of the position. Meeting the minimum qualifications does not guarantee that the candidate will be invited to participate in other examination segments of the selection process. An employment application and proof of education, as outlined above, are required for this position. Applications and job announcements are available through our website www.sacrt.com.

A completed employment application and proof of education, as outlined above, must be submitted online. SacRT will not process incomplete applications. Resumes are not accepted in lieu of an application, but may be included with the application. For more information on benefits, a summary sheet is available from the Human Resources Department. The Human Resources Department will make reasonable efforts in the recruitment process to accommodate candidates with disabilities. For more information, contact the Human Resources Department at (916) 556-0298.

SacRT has a stand alone pension plan which is not part of, nor does it have reciprocity with CalPERS.

SacRT is an Equal Opportunity Employer EOE - Minorities/Women/Disabled/Veterans.

This position falls under the Operating Engineer Local Union no. 3 Group (OE3).
