A MESSAGE FROM OUR CEO

Greetings to all of our members, supporters, and friends of the SBCC. I'm really glad to be with you again this month.

I want to talk to you about our Ujima Project, as this month focuses on the construction industry. We are preparing our member businesses to answer the calls of many procurement opportunities coming down the pipeline for our region.

We were honored to receive funding from Wells Fargo Bank through the Cal Asian Chamber of Commerce for this Ujima Project. We are well on our way to prepping our member businesses in the construction industry by offering 1:1 consulting services and creating an amazing cohort-based program, which will certainly provide opportunities for sharing business-to-business resources.

The consulting firm System 2 Solutions, headed by founder and President, Mark Adams, who is also the owner of AHI Construction,

has designed, with his team, a next level comprehensive program covering a wide swath of training that, if followed, will take these companies to the next level of their desired business outcomes. Mark's construction company has been a member and supporter of the SBCC for more than fifteen years and has been so instrumental in the moves and upgrades the Chamber has experienced - beginning with our move back to Sacramento from West Sacramento in 2008 and again after we purchased our new home on S Street.

We are quite regularly provided procurement opportunities for the construction trades. Our mission through the Ujima project is to prepare as many of our members' access to those opportunities as possible. When these businesses have completed the program, we strongly suggest they move over to the Cal Asian Chamber of Commerce and sign up with their newly developed platform allowing our small businesses to be matched with businesses looking for those specialized skills.

Sacramento's fast paced growth can and will be matched with thriving businesses needing that boost. Want in? For more information, give us a call at (916) 231-0416 or email us at info@sacblackchamber.org
